

ELKAY

ezH2O® Bottle Filling Stations and Water Dispensers

LZSTL8WSLP

Meet Goals. Help the Planet. Deliver Impact.

Provide the ultimate guest experience while meeting corporate sustainability goals with Elkay drinking water solutions. By installing a filtered bottle filling station in every Best Western hotel, you can give all guests greater access to filtered water for a more enjoyable stay — and without the plastic bottle waste.

Solutions That Check All the Boxes

These filtered bottle filling stations and water dispensers are friends to the planet, equipped with hands-free activation to minimize touching and reduce the spread of germs. When used with reusable bottles or glasses, plastic bottle waste is also minimized. Consider adding them to enhance your hotel experience.
